African Nations, States, Cities, Communities of the World, Greetings,

President General Senghor Baye, the High Executive Officers and Members at Large of the Universal Negro Improvement Association and African Communities League of the World (UNIA-ACL) founded by the Right Excellent Marcus Mosiah Garvey, that inspired son of God, are profoundly happy to bring you Good News about our Race!

We are approaching 100 years of the celebration of the founding of the UNIA-ACL and we cannot proclaim that point loudly enough so that we can all become ignited by a Spirit Force that will cause all of us to move as One People to work to make the Heritage of Our Race rise in jubilant celebration of this time. The Legacy of the UNIA-ACL is abundant and available to us all!

Never before have we reached this point in History where the UNIA-ACL Government, created almost a century ago, can celebrate the triumphs and defeats of the largest black mass movement in African-American history. Not only will we celebrate as a Government but also as an organization highlighting the magnitude of a Man's work which was of such an excellent quality and standard that the annuals of time have not been able to rightfully and fully capture its essence. This we Must do as a People during this great Centennial Celebration. As soon as particulars are consummated with Heads of States, Cities and Local Government, we will distribute specific announcements of the myriad number of global events that will be taking place in honor of this Centennial.

Please begin to help us put this Mammoth Event before your local city Institutions, Organizations and other such entities so that we can move further into the 21st Century as one United People, again determined to Chart our way – Our African Way.

We are asking our People, African People, for a moritorium on all routine planned activities from August 2013 through and including August 2014 and to join us in Harlem, New York in the Summer of 2014 to help make this a Celebration of Hope for our People. We need your skills, creative genius, your worked-hard-for money and your Spirit in order to Lift Our Race for ourselves.

This will be Our Story – In Our time – Our Heroes/Our Heroines – Our Chance to say to the World – What we want to say – Need to say, the way we must say it about Ourselves. Our image, Our Profiles, Our destiny are all on the line. We have not always been slaves and controlled by outside domination. Remember, we were once the Mecca of the World with Pyramids, Dynasties, Sphinx, the Phoenix and much more to speak for our Greatness.

We are speaking of a Centennial in Honor of the founding of the UNIA-ACL, begun in July, 1914 by the Right Excellent Marcus Mosiah Garvey to foster a "Universal Confraternity" among the Race to work for better conditions among the Race everywhere. This is the time to thank our Ancestors, Praise God and continue to work for the Total Liberation of Africans, so that Black folk everywhere, now and forever more will be in control of Our Own Destiny.

Please be advised that we cannot and will not take the responsibility of any monies not directed to the rightful source. All financial payments should be sent to: Sister Serwah Nkrumah, UNIA-ACL 2nd Assistant President General on behalf of the UNIA-ACL Parent Body Centennial Committee, P.O. Box 558, Stratford, NJ 08084 or please contact our local UNIA-ACL Divisions in your area. For other matters, please direct your communications to Sister I Nia Rogers, UNIA-ACL Counsel General and Centennial Chair at 1217 – 17th Street, NE, Washington, DC 20002.

Specific information will be available soon. We urge you to work with us with all rapidity toward Our Liberation. This will be done by the sharing of all resources for, by and of Black people through International, National, Regional and Local breakdowns so that we touch every facet of Our Race: Families, Men, Women, Children, Public and Private institutions of all kind, including Bronze and Brains, the Swift and not so swift – our becomings, our Goings – The total Reawakening of Our Greatness.

In the words of the Honorable Marcus Mosiah Garvey, "If 400,000,000 Negroes can only get to know themselves, to know that in them is a sovereign power, is an authority that is absolute, then in the next twenty-four hours we would have a new race, we would have a nation, an empire – resurrected, not from the will of others to see us rise, -- but from our own determination to rise, irrespective of what the world thinks."

We close with our motto: ONE GOD! ONE AIM! ONE DESTINY!
